Since 1928, General Finishes has been manufacturing wood coatings to the highest performance standards. We are recognized as a leading innovator in the development of water-based finishes. Our award-winning products are easy to use and provide superior color, adhesion and durability.

**Related Water-Based Products**

- **High Performance Topcoat**
  A durable urethane topcoat for use over painted, stained or raw wood surfaces.

- **Flat Out Flat**
  A matte topcoat with a soft feel and durability that is superior to a wax finish.

- **Wood Stain**
  A thick formula that provides deep colors and easy control.

- **Dye Stain**
  Penetrating water-based stain designed to enhance the natural beauty of figured woods.

- **Glaze Effects**
  Translucent colors designed to add dimension and contrast to finishes.

- **Pearl Effects**
  Decorative metallics used to create sheer highlights or opaque faux metal finishes.

- **Stain Blocker**
  A powerful primer used to block persistent bleed-through from stains and wood tannins.

- **Brushable White Enamel**
  A premium pigmented wood enamel ideal for cabinets, furniture and millwork.

**Limited Warranty**

General Finishes products must be tested to your complete satisfaction before using. General Finishes will not be responsible for color satisfaction, misapplication, nor compatibility with other manufacturers’ products. General Finishes will be responsible only for the cost of our products, and not for costs such as labor, damage, or project replacement.
