

# SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of:  
US OSHA HCS 2024 and Canada Hazardous Products Act (HPA) and  
Hazardous Products Regulation (HPR), as amended

Issuing Date 20-May-2022

Revision date 28-Feb-2025

Revision Number 2

## 1. Identification

### Product identifier

**Product Name** Enduro Conversion Varnish Gloss

### Other means of identification

**Product Code(s)** BLK369

**Synonyms** None

### Recommended use of the chemical and restrictions on use

**Recommended use** Wood coating

**Restrictions on use** Use only for intended applications

### Details of the supplier of the safety data sheet

#### Manufacturer Address

General Finishes  
2462 Coporate Circle  
East Troy, WI 53120  
Phone 1-800-783-6050

#### Distributor

Wood Essence  
2343 1st Ave North, unit B  
Saskatoon, SK S7K 2A2  
Phone 306-955-8775

Dover Finishing Products  
180 Ave Du Voyageur  
Pointe-Claire, QC H9R6A8  
Phone 514-697-3000

Lee Valley Tools  
1090 Morrison Drive  
Ottawa, ON K2H1C2  
Phone 613-596-0350

Canpro Edmonton Distribution Centre  
14045-156 Street  
CANPRO# 2620-999  
Edmonton AB T6V1J1  
Phone 780-428-6690

### Emergency telephone number

**Emergency telephone** 24 Hour Emergency Phone Number  
Chemtrec 1-800-424-9300  
+1 703 527 3887 (CHEMTREC International)

## 2. Hazard(s) identification

### Classification of the substance or mixture

This product is not considered hazardous by either the US OSHA Hazard Communication Standard (29 CFR 1910.1200) or the Canadian Workplace Hazardous Material Information System (WHMIS).

**Label elements**

None

**Hazard statements**

Not classified.

**Hazards classified under paragraph (d)(1)(ii) of 1910.1200**

No information available.

**Other information**

Causes mild skin irritation.

**3. Composition/information on ingredients****Substance**

Not applicable.

**Mixture**

| Chemical name                       | CAS No.    | Weight-% | Hazardous Material Information Review Act registry number (HMIRA registry #) | Date HMIRA filed and date exemption granted (if applicable) |
|-------------------------------------|------------|----------|--|---|
| Dipropylene glycol monomethyl ether | 34590-94-8 | 1 - 5    | -  | -   |
| Triethylene glycol monobutyl ether  | 143-22-6   | 0.1 - 1  | -  | -   |

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

**4. First-aid measures****Description of first aid measures**

|                     |  |
|---------------------|--|
| <b>Inhalation</b>   | Remove to fresh air.   |
| <b>Eye contact</b>  | Rinse thoroughly with plenty of water, also under the eyelids. |
| <b>Skin contact</b> | Wash with plenty of water.                                     |
| <b>Ingestion</b>    | Rinse mouth.   |

**Most important symptoms and effects, both acute and delayed**

|                            |   |
|----------------------------|---|
| <b>Symptoms</b>            | Prolonged contact may cause redness and irritation. |
| <b>Effects of Exposure</b> | None known.   |

**Indication of any immediate medical attention and special treatment needed**

|                           |                        |
|---------------------------|------------------------|
| <b>Note to physicians</b> | Treat symptomatically. |
|---------------------------|------------------------|

## 5. Fire-fighting measures

|   |  |
|---|--|
| <b>Suitable Extinguishing Media</b>                                   | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                            |
| <b>Unsuitable extinguishing media</b>                                 | No information available.  |
| <b>Specific hazards arising from the chemical</b>                     | No information available.  |
| <b>Explosion data</b>   |  |
| <b>Sensitivity to mechanical impact</b>                               | None.  |
| <b>Sensitivity to static discharge</b>                                | None.  |
| <b>Special protective equipment and precautions for fire-fighters</b> | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment. |

## 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

**Personal precautions** Ensure adequate ventilation.

### Methods and material for containment and cleaning up

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Pick up and transfer to properly labeled containers.

**Prevention of secondary hazards** Clean contaminated objects and areas thoroughly observing environmental regulations.

## 7. Handling and storage

### Precautions for safe handling

**Advice on safe handling** Handle in accordance with good industrial hygiene and safety practice.

**General hygiene considerations** Do not eat, drink or smoke when using this product. Wash hands before breaks and after work.

### Conditions for safe storage, including any incompatibilities

**Storage Conditions** Keep containers tightly closed in a dry, cool and well-ventilated place. Keep from freezing.

## 8. Exposure controls/personal protection

### Control Parameters

**Exposure Limits** The following ingredients are the only ingredients of the product above the cut-off level (or level that contributes to the hazard classification of the mixture) which have an exposure limit applicable in the region for which this safety data sheet is intended or other recommended limit. At this time, the other relevant constituents have no known exposure limits from the sources listed here.

| Chemical name                                     | ACGIH TLV   | OSHA PEL   | NIOSH   |

**Appropriate engineering controls**

**Engineering controls**                      Showers  
     Eyewash stations  
     Ventilation systems.

**Individual protection measures, such as personal protective equipment**

**Eye/face protection**                      Wear safety glasses with side shields (or goggles).

**Hand protection**                              Wear suitable gloves.

**Skin and body protection**                      Wear suitable protective clothing.

**Respiratory protection**                      No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

**9. Physical and chemical properties**

**Information on basic physical and chemical properties**

**Appearance**  
**Physical state**                                      Liquid  
**Color**    Milky white  
**Odor (includes odor threshold)**                      Slight

| <u>Property</u>  | <u>Values</u> | <u>Remarks • Method</u> |
|--|---------------|-------------------------|
| <b>Melting point / freezing point</b>                            |               | No data available       |
| <b>Boiling point (or initial boiling point or boiling range)</b> |               | No data available       |
| <b>Flammability</b>  |               | No data available       |
| <b>Flammability Limit in Air</b>                                 |               |                         |
| <b>Upper flammability or explosive limits</b>                    |               | No data available       |
| <b>Lower flammability or explosive limits</b>                    |               | No data available       |

|   |                          |                   |
|---|--------------------------|-------------------|
| Flash point                                       |                          | No data available |
| Autoignition temperature                          |                          | No data available |
| Decomposition temperature                         |                          | No data available |
| SADT (°C)   |                          | No data available |
| pH  | 7.5 - 8.5                |                   |
| pH (as aqueous solution)                          |                          | No data available |
| Kinematic viscosity                               |                          | No data available |
| Dynamic viscosity                                 | 250 - 400 cP             |                   |

| Partition coefficient n-octanol/water (log value) |                          | No data available |
| Vapor pressure (includes evaporation rate)        |                          | No data available |
| Evaporation rate                                  |                          | No data available |
| Density and/or relative density                   | 8.56                     |                   |
| Bulk density                                      |                          | No data available |
| Liquid Density                                    |                          | No data available |
| Relative vapor density                            |                          | No data available |
| Particle characteristics                          |                          |                   |
| Particle Size                                     |                          | No data available |
| Particle Size Distribution                        |                          | No data available |
| <u>Other information</u>                          |                          |                   |
| Molecular weight                                  | No information available |                   |
| VOC content                                       | < 210 g/L                |                   |
| Softening point                                   | No information available |                   |

**Information with regard to physical hazard classes**

|                             |                          |  |
|-----------------------------|--------------------------|--|
| <b>Explosives</b>           |                          |  |
| Explosive properties        | No information available |  |
| <b>Oxidizing properties</b> | No information available |  |

**10. Stability and reactivity**

|   |   |
|---|---|
| <b>Reactivity</b>                         | None under normal use conditions.         |
| <b>Chemical stability</b>                 | Stable under normal conditions.           |
| <b>Possibility of hazardous reactions</b> | None under normal processing.             |
| <b>Conditions to avoid</b>                | Do not freeze.                            |
| <b>Incompatible materials</b>             | None known based on information supplied. |
| <b>Hazardous decomposition products</b>   | None known based on information supplied. |

**11. Toxicological information****Information on likely routes of exposure**

|                            |  |
|----------------------------|--|
| <b>Product Information</b> | .  |
| <b>Inhalation</b>          | Specific test data for the substance or mixture is not available.                              |
| <b>Eye contact</b>         | Specific test data for the substance or mixture is not available.                              |
| <b>Skin contact</b>        | Causes mild skin irritation. Specific test data for the substance or mixture is not available. |
| <b>Ingestion</b>           | Specific test data for the substance or mixture is not available.                              |

**Symptoms related to the physical, chemical and toxicological characteristics**

**Symptoms** Prolonged contact may cause redness and irritation.

**Acute toxicity****Numerical measures of toxicity**

Based on available data, the classification criteria are not met

The following ATE values have been calculated for the mixture:

|                               |                  |
|-------------------------------|------------------|
| ATEmix (oral)                 | 38,840.00 mg/kg  |
| ATEmix (dermal)               | 118,136.30 mg/kg |
| ATEmix (inhalation-dust/mist) | 216.90 mg/l      |

**Component Information**

| Chemical name                       | Oral LD50            | Dermal LD50             | Inhalation LC50 |
|-------------------------------------|----------------------|-------------------------|-----------------|
| Dipropylene glycol monomethyl ether | = 5.35 g/kg ( Rat )  | = 9500 mg/kg ( Rabbit ) | -               |
| Triethylene glycol monobutyl ether  | = 5300 mg/kg ( Rat ) | = 3540 mg/kg ( Rabbit ) | -               |

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

**Skin corrosion/irritation** Causes mild skin irritation. Classification based on data available for ingredients.

**Serious eye damage/eye irritation** No information available.

**Respiratory or skin sensitization** No information available.

**Germ cell mutagenicity** No information available.

**Carcinogenicity** No information available.

**Reproductive toxicity** No information available.

**STOT - single exposure** No information available.

**STOT - repeated exposure** No information available.

**Aspiration hazard** No information available.

**12. Ecological information**

**Ecotoxicity** The environmental impact of this product has not been fully investigated.

| Chemical name                                     | Algae/aquatic plants                          | Fish  | Toxicity to microorganisms | Crustacea                            |
|---|---|---|----------------------------|--------------------------------------|
| Dipropylene glycol monomethyl ether<br>34590-94-8 | -   | LC50: >10000mg/L (96h, Pimephales promelas) | -                          | LC50: =1919mg/L (48h, Daphnia magna) |
| Triethylene glycol monobutyl ether<br>143-22-6    | EC50: >500mg/L (72h, Desmodesmus subspicatus) | LC50: =2400mg/L (96h, Pimephales promelas)  | -                          | EC50: >500mg/L (48h, Daphnia magna)  |

**Persistence and degradability** No information available.

**Bioaccumulation****Component Information**

| Chemical name                                     | Partition coefficient |
|---|-----------------------|
| Dipropylene glycol monomethyl ether<br>34590-94-8 | 0.35                  |
| Triethylene glycol monobutyl ether<br>143-22-6    | 0.51                  |

**Other adverse effects** No information available.

**13. Disposal considerations****Disposal methods**

**Waste from residues/unused products** Dispose of in accordance with local regulations, Dispose of waste in accordance with environmental legislation.

**Contaminated packaging** Do not reuse empty containers.

**14. Transport information**

**DOT** Not regulated

**TDG** Not regulated

**IATA** Not regulated

**IMDG** Not regulated

**15. Regulatory information****Safety, health and environmental regulations/legislation specific for the substance or mixture****International Regulations**

**The Montreal Protocol on Substances that Deplete the Ozone Layer** Not applicable

**The Stockholm Convention on Persistent Organic Pollutants** Not applicable

**The Rotterdam Convention** Not applicable

**International Inventories**

Contact supplier for inventory compliance status

**US Federal Regulations****SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

**SARA 311/312 Hazard Categories**

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications.

**CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

**CAA (Clean Air Act)**

This product contains the following substances which are regulated pollutants to the Clean Air Act (CAA).

| Chemical name                                  | Hazardous air pollutants (HAPs) | Ozone-depleting substances (ODS) |
|--|---------------------------------|----------------------------------|
| Triethylene glycol monobutyl ether<br>143-22-6 | Present                         | -                                |

**CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

**US State Regulations****California Proposition 65**

This product does not contain any Proposition 65 chemicals.

**U.S. State Right-to-Know Regulations**
